Dear Assistant Attorney General Barnett and Chairman Martin:

On behalf of Kia Motors America, I ask you to approve the proposed merger of XM and Sirius.

Kia Motors America is dedicated to building high-quality, high-value vehicles at highly competitive prices. Our consumers demand the best available product at the lowest possible price. We are pleased to offer our customers Sirius Satellite Radio standard equipment but believe the merger of Sirius and XM has the potential to bring our customers the additional value they desire.

We understand that the merger will eliminate the sometimes confusing issues about what programming is offered by which company by creating packages offering the "best of both" services for significantly less than the current combined price of both services. We should not expect our customers to incur additional hassle and fees to install a second satellite radio receiver or be forced to choose between the NFL and the MLB and Martha Stewart and Oprah. Additionally, the merger will allow Kia customers to select smaller packages at much lower prices. This expanded choice and lower price is exactly the value our consumers want and deserve.

The merger between Sirius and XM will further enhance Kia's goal of providing our customers with high-quality, high-value products. We believe that is in our customer's interests and the public interest to allow Sirius and XM to merge. We respectfully ask that you approve the merger and thank you for considering the views of Kia Motors America.

Sincerely,
